

# Fifth Intercontinental Landfill Research Symposium

Copper Mountain, Colorado, USA  
September 10 - 13, 2008

## Call for Session Proposals, Abstracts and Posters

### Request for Abstracts

Abstracts should be a concise summary of the presentation and are limited to 2 pages. The front page of the abstract must contain complete contact information for all authors including mailing address, email address and phone numbers. The corresponding author should be marked with an \*. Incomplete abstracts will be returned. Submission should be by electronic mail as a Word file. All submissions should be sent to: ICLRSabstracts@gmail.com  
Authors will be notified by March 1st.

### Request for Session Proposals

Session proposals should provide a paragraph of background on the topic, session objectives, topics to be addressed and potential participants. Session chairs will be expected to work with the conference board. Sessions will be based on the abstracts submitted. Submission should be by electronic mail as a Word file. All session proposals should be sent to: ICLRSabstracts@gmail.com

**Abstracts are Due:  
December 15, 2007**

**Session Proposals are Due:  
December 7, 2007**

### Symposium Objectives and Format

- \* Assemble world's leading researchers and practitioners
- \* Address a broad range of topics related to landfills
- \* Discussion and debate of current knowledge and future directions
- \* Encourage focused discussion in an informal setting with an emphasis on posters
- \* **All authors will be required to present a poster**

### Suggested Topics for Presentations (including but not limited to)

- Ash Management
- Alternative Landfill Designs
- Bioreactor Technology
- Carbon Balances
- Landfill Gas Emissions
- Life-Cycle Analysis
- Landfill Stability & Long-Term Management
- Mechanical & Biological Pretreatment
- Methane Oxidation
- Physical, Chemical and Biological Processes in Landfills
- Process Modeling

### Conference Board

Dr. Morton Barlaz, North Carolina State University, USA  
Dr. Anders Lagerkvist, Luleå University of Technology, Sweden  
Dr. Toshihiko Matsuto, Hokkaido University, Japan
