

THE HONG KONG UNIVERSITY OF SCIENCE AND TECHNOLOGY

Department of Civil and Environmental Engineering

**Faculty Position in Geotechnical Engineering**

The Department invites applications for a tenure-track faculty position at Associate/Assistant Professor rank in the areas of geotechnical reliability and georisks; and soil dynamics with applications to geotechnical earthquake engineering ideally. It would be an advantage for candidates who have background/experience in physical modeling including the use of centrifuge facility for conducting shaking table tests. Applicants should have a PhD degree in geotechnical engineering or in related field such as earth sciences. The appointee is expected to demonstrate strong potential for effective teaching and promising research in the respective fields.

Salary is highly competitive and will be commensurate with qualifications and experience. Generous fringe benefits will be provided. Initial appointment will normally be on a three-year contract, renewable subject to mutual agreement. A gratuity will be payable upon successful completion of contract.

Applications together with a curriculum vitae, statement of research and teaching interests, and the names, addresses, phone numbers, and email addresses of at least three referees should be sent to: **Head of the Department of Civil and Environmental Engineering, The Hong Kong University of Science and Technology, Clear Water Bay, Kowloon, Hong Kong** (or by fax: (852) 2335 5493; email: [cejob@ust.hk](mailto:cejob@ust.hk)). Enquiries can also be sent to [cejob@ust.hk](mailto:cejob@ust.hk). Review of applications will begin in **June 2009** and will continue until suitable appointment is made.

For more information on the Department and the University, please visit the website at <http://www.ce.ust.hk>.

*(Information provided by applicants will be used for recruitment and other employment-related purposes.)*
