

Middle East Technical University Northern Cyprus Campus

The Civil Engineering Program (www.cen.ncc.metu.edu.tr) at the Middle East Technical University Northern Cyprus Campus is seeking applicants for faculty positions in Construction Management, Structural Mechanics, **Soil Mechanics**, Construction Materials, and Transportation Engineering at all ranks. Positions begin in September 2009. Although the primary responsibility of the faculty will be teaching, a strong commitment to high-quality research is required. Priority consideration will be given to applications received by March 13, 2009; however, positions will remain open until they are filled.

METU NCC is committed to a high quality research and teaching tradition. Normal teaching load at METU NCC is 3 courses (equivalent of 9 hours) per semester. METU NCC provides competitive salary packages and subsidized on-campus accommodation. Please visit [Working and Living at METU NCC](#) for detailed information about what METU NCC has to offer, such as the social security, retirement and health coverage, which also includes an indicative table of remuneration levels. Please refer to [Guidelines for Application to Faculty Positions](#) for job and person specifications, and follow the instructions therein for the application procedure. For more information, please contact Dr. Kagan Tuncay, Coordinator of Civil Engineering Program at tuncay@metu.edu.tr or +90 392 661 2929.
